DOWNLOAD PIKMYKID K3-6th!

In our ongoing efforts to enhance your children's safety, we have decided to begin using the PikMyKid Dismissal Application. Throughout the country, it has been proven to simplify dismissal, reduce traffic congestion, and most importantly, improve overall safety.

The unique features of PikMyKid allow you, as parents, to easily change pick up modes and quickly delegate to an alternate individual for pickup. This app allows you to be in full control of your child's dismissal and it gives us, the school, complete information regarding dismissal and the ability to acknowledge every change and to instantly check your child's dismissal status should you have a question.

We are very excited about this addition and know you will be too. To Learn a little more on your own, please check out the following link that will show you a few of the PikMyKid features. https://www.pikmykid.com/features/forparents/

Please visit the appropriate app store and download the PikMyKid app. Once downloaded, the registration process is very simple.

As you register in the App, we will send you a ID number during the registration process. You will be the Primary Parent for your child and in control of their dismissal. You can delegate alternate individuals, but they should have the App also as it will send a matching number to the phone for us to validate the correct person is picking up the proper child. If you are part of a car pool, each child's number will be sent to the phone for validation. You will be asked for the necessary information (Child Name, Grade, Teacher, Dismissal Mode, & Car Tag Number) upon registration.

Don't forget, the PikMyKid Support Team is always available to help you when you have a question. You can contact them at support@pikmykid.com.

Place the PikMyKid Car Tag in your front window. That's it! We and PikMyKid will take care of the rest. If you need to make any changes to your child's dismissal status such as delegation to a different pickup individual.

You will see a PikMyKid Stop Sign as you enter the school property. At that point, the Announce Button on your PikMyKid App will turn Green alerting us you are in line to Pick Up Your Kid. This will help us sequence the children in the same order as you have entered the campus, thus speeding the dismissal process even more.

We are excited about the enthusiasm each and every one of you have shown throughout this process and want to Thank You!!!

THANK YOU!!!

PS Don't forget, if you have any questions, you can contact support@pikmykid.com for the information you need.
