

IMMUNIZATION FAQ

 Each student is required to have a signed and current MS Form 121. A Form 121 is the **ONLY** immunization document BA accepts.

 K3 students must be marked with "Requirements met for childcare facility attendance until K4 entrance."

 K4-6th grade students must be marked with "Requirements met for K4 through 6th grade attendance."

 7th-12th grade students must be marked with "Requirements met for 7th through 12th grade attendance."

 Out of State immunization forms are not accepted. You will need to call MS Department of Health at 601-576-7751 to get the Form 121.

 A temporarily compliant Form 121 will not be accepted if it is expired. It is the family's responsibility to get BA an updated Form 121. The student will be sent home if the Form 121 expires.

 If a student has a Form 122, a Form 121 is still required. The Form 121 should be checked in both locations (1) Medical Exemption Form 122 attached and (2) The appropriate grade selected (K3, K4-6, 7-12) A Form 122 will not be accepted if a complete Form 121 is not attached.
